

## Identity proofing, verification and reactivation report

This document serves as evidence that:

1. The suspended electronic means of identification referred herein, previously issued by **SC CERTSIGN SA** to **<current\_first\_names> <current\_last\_name>**, henceforth referred to as the subject, were reactivated at the subject's request;
2. The identity proofing and verification of the subject's data and identity documents was performed for SC CERTSIGN SA by **<partner\_name>** in accordance with the **certME Validator Agreement** which includes the **certME Identity Proofing and Verification Operational Procedure**;
3. The process was performed using a procedure that is compliant with the requirements set forth in Regulation EU 2014/910 and subsequent implementing acts for at least a substantial level of assurance;
4. The identity documents provided by the subject have been checked to be genuine and valid and copies of said documents are attached to this report;

Person identification data of the subject	
<b>Current first name(s)</b>	<current_first_names>
<b>Current family name</b>	<current_last_name>
<b>Unique identifier</b>	<cnv>
<b>Date of birth</b>	<date_of_birth>

**Public blockchain address of reactivated certME eID:** <client\_address>

This document has been printed in 2 (two) copies, one for **<partner\_name>** and the other for the subject.

**<partner\_name>**  
**<partner\_operator\_name>**
